

GO EXCURSIONS

a short trip to a place and back for pleasure and purpose

GO EXCURSIONS

Motivation is the key to learning. When a student is positively motivated to accomplish a task, success will be a definite outcome. GO motivates children to succeed through physical challenges and art.

GO EXCURSIONS are designed to **HONOR** the teachers, **EDUCATE** the students, and **EXCITE** everyone through positive motivation and learning.

GO provides your students with an excursion experience to anywhere. Excursions are custom-made for your students to guarantee learning and fun. Mississippi educational goals are met and extended. GO activities will incorporate a classroom theme to culminate material your students have learned. Stations are adapted to align with the core curriculum in your classroom.

Each classroom is a work in progress. The ultimate goal is to create independent, enthusiastic learners who will in turn take those qualities out to the world. Students who participate in a **GO EXCURSION** develop excitement for learning through positive communication and problem solving strategies. Children build self-confidence and realize "I can do anything if I try!" We will provide your class the opportunity to grow at GO.

We are excited to invite your students to GO. We believe learning happens when children are having hands-on experiences. The enthusiasm your children will have after participating in a **GO EXCURSION** will carry over into your classroom and more importantly, into the character of your students.

GO EXCURSIONS

How do GO EXCURSIONS Honor Teachers?

- **GO EXCURSIONS** will honor teachers in a way that will fill up the hearts of our teachers who have a passion for shaping the hearts of our children.
- Teachers will travel through art activities designed around the Excursion, enjoy refreshments, or travel through stations with their students.
- Students are totally supervised by GO Coaches for a worry-free time for teachers.

How do GO EXCURSIONS Educate the Students?

- Students will be creatively educated through pre-planned adventure stations based on lesson plan objectives we receive from the teachers.
- An “Excursion Developer” will come to the school for a preliminary session with the classroom teacher and together they will discuss the exact purpose of the trip.
- Once the Excursion Developer has the facts from the teacher, it is our pleasure to create an unforgettable journey for the students.

How do GO EXCURSIONS Excite Everyone?

- Excitement will be a “no brainer”. Excitement will be the attitude that everyone will possess as they return to school.
- We take EXCITEMENT seriously!
- GO believes you can make anything exciting and gladly accepts the challenge of guiding your students through this exciting quest.

How long does a GO EXCURSION last and what is the fee?

Length: 2 Hours

Excursion Fees: \$250 for up to 15 students/\$10 per child after 15

We genuinely desire for the excitement that occurs on expeditions and vacations to be a part of the classroom experience for both the students and teachers. We also believe that one way for that to happen is through a trek through the **GO EXCURSION**.

Our guarantee is that students will have a fun and factual education experience.
